

# AFTER SSC WHAT?

(PUBLIC SECTOR JOBS)

## CENTRAL GOVERNMENT QUASI JOBS

---

Central Government Quasi Establishment Jobs are also called Semi-Central Government Establishment Jobs.

These are autonomous organizations owned, controlled and governed by the Central Government.

**A government-owned corporation, state-owned company, state-owned entity, state enterprise, publicly owned corporation, government business enterprise, commercial government agency, public sector undertaking or parastatal** is a legal entity created by a government to undertake commercial activities on behalf of an owner government. Their legal status varies from being a part of government to stock companies with a state as a regular stockholder. There is no standard definition of a government-owned corporation (GOC) or state-owned enterprise (SOE), although the two terms can be used interchangeably. The defining characteristics are that they have a distinct legal form and they are established to operate in commercial affairs. While they may also have public policy objectives, GOCs should be differentiated from other forms of government agencies or state entities established to pursue purely non-financial objectives.

Some of the prominent CG'Q' establishments under Government of India are:

S.No. Name of the Corporation/Society/Other Authority
