

MS OlympIAS 40

A foresighted Initiative of MS Education Academy

(for class 8th to class 10th Students)

Join MS OlympIAS for a successful and rewarding career

MS Education Academy initiated MS OlympIAS 40 to strengthen the roots and prepare students for contributing career.

40 outstanding students will be handpicked from across the country through a screening test. The selected students will be trained, guided and counseled by the expert faculty of IIT/Medicine & Civil services. These students will be nurtured and nourished with a specially designed curriculum of 5 years to meet the modern challenges of life with ease and confidence.

At MS Institutions, we believe that every student has a hidden talent that needs to be explored, identified, nurtured and given the right direction. We just need to identify the interest of the students and hone their skills and enable them to reach the pinnacle of success!!

This foundation course is aimed to provide the best of modern education with the right mix of moral values, thereby, making them empathetic contributing responsible citizens.

Now, there must be a question in your mind that why does an eighth standard child need to be taught so intensely?

“The goal of early foundation is to activate the child’s innate potential bestowed by the Almighty for bigger challenges to come.” We kindle a spark early on and hence 8th standard.

If we want to become a part of the mainstream and become asset of the country, we need to start contributing and representing in every sphere. We have to sharpen our axe to carve a niche for ourselves. We have to come forward as **WORLDWORTHY INDIVIDUALS** which is the motto of our Organization. And for this to come true there is no other more powerful tool than **EDUCATION**.

It’s a misconception that there is a dearth of opportunities for our community. Opportunities **ARE THERE, WE NEED TO IDENTIFY THEM**.

With this Vision, MS Education Academy has been imparting education of the highest quality. Throughout our journey of 26 years, we have been endeavoring for perfection in the field of education. **ALHAMDULILLAH**, our results speak volumes of our passion, dedication and accomplishments with as many as 145 students getting free medical seats, 29 students making it to IITs & NITs, apart from scores of students getting over 98% in their Intermediate Public Examinations with highest being 99.1%. Truly remarkable!!! Isn’t it?

26 years of our experience has shown that students of our community, aiming for free medical seats or engineering seats in the IIT, NIT, BITS or any other renowned colleges work really hard for 2 years to

pursue their dreams. Even though they make it to IITs or NITs; but they don't get the courses of their choice and are more often forced to compromise with their career. Whereas their competitors start preparing for the same right from the 6th standard and end up being more successful than our children.

Hence, it was concluded that just 2 years of hard work is insufficient for the accomplishment of the DESIRED TARGETS. It is imperative that we start EARLY by FUELLING THEIR DREAMS and GIVING THEM THE WINGS TO FLY HIGH.

What makes MS OlympIAS 40 different?

- OlympIAS 40 students enjoy a highly focused program that prepares them for high level academic competitions along with regular schooling from 8th standard to 12th standard.
- This program is offered in the Residential as well as Day Scholars mode and scholarship may also be given for food and accommodation.
- Scholarship is purely Performance based and guaranteed till 10th standard (3years). Students have to pass a separate proficiency test in order to continue for another 2 years (11th and 12th/Intermediate Junior College).
- OlympIAS 40 students enjoy the company of the best brains of India who are preparing for their IIT/NEET/IAS.
- OlympIAS 40 students are exposed to the best educational places of Hyderabad.
- OlympIAS 40 students are taught by the experienced faculty of IIT/NEET/IAS.

- OlympIAS 40 students are given the opportunity to study beyond their academics thereby expanding their imagination and vision.
- Regular weekly tests are conducted for OlympIAS 40 students to monitor their progress.
- They are provided state of art facility with A/C classrooms for their studies.
- OlympIAS 40 also enjoy both outdoor and indoor games with all the playing equipment.
- OlympIAS 40 students are exposed to many National and International Competitive Examinations of their interest viz. KVPY/Olympiad/SAT/NTSE/NDA etc.

Alhamdulillah, it's a moment of pride and honor for M.S. Education Academy that it's first Olympiad batch student, **Inam Ul Haq got 27th** rank in the NAO Examination. Over 2 lakh students from all over India had appeared for the competitive exam NAO, held by National Aeronautics and Space Administration (NASA). Not only that, 17 students got ranks below 200 – Ruqaiya 41, Aleema 50, Amena 51, Afra 52, Siddiq 55, Khader 56, Omer Farooq 114, Sami 132, Abdul Kareem 133, Taj Bano 144, Shaheera 145, Sameera 146, Umme Ehsan 147, Juveriya 148, Tarannum 199, Safoora 200.

“Education is the key to unlock the golden door of freedom”

Let your children get the true education to fulfill their dreams and chase their passion!!

Register now for an enthralling future.

Don't get late and regret!!!!
