MY DEAR PARENTS

I know sometimes I don't act like it
I don't give you all that I should give
But I want you to know that I love you
And will for as long as I live
I whine, I beg, I lie
I act like such a brat
You deserve more from me
But I won't even give you that
I know I've grown up quickly
Quicker than you'd wish
I'm almost seventeen now
I'm only just realizing this
I'm sorry for everything mom
Dad, this includes you, too
But if I could tell you anything
Just know that I love you.

MOTHER

For as long as I can remember...
You were always by my side,
To give me support, confidence and help.
For as long as I can remember.
You were always the person I look up to.
So strong, so sensitise, so pretty.
For as long as I can remember...
And till today.
You are everything a mother should be
whatever I have become as
because of you.
And I think you forever for our relationship.

"Respect your Parents"

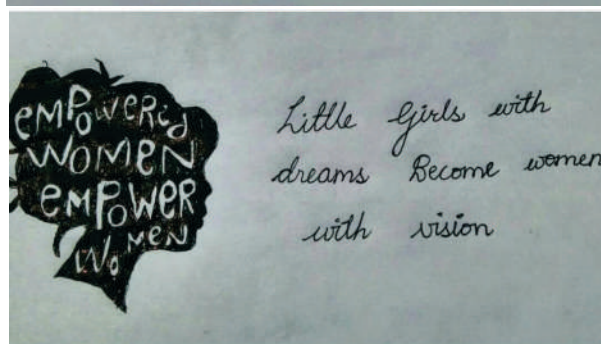

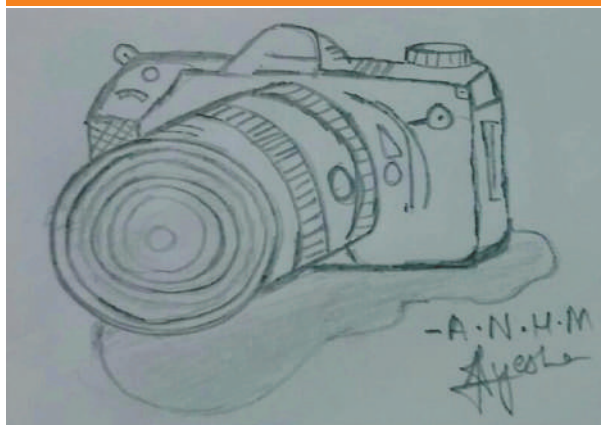

Every child must obey and respect their parents. They must obey to parents. Parents nurse their children from their birth. Parents always teach their children the right path. So, it is duty of children to obey their parents.

Those who lose their parents in their childhood are deprived of their care, love and affection. That child can't express his/her difficulties to anyone.

Parents play the biggest role in our development. Father and Mother.

Umal Aiman Shifa, Class 8, Shahalibanda Branch

Why I do painting ?

I like drawing and painting because I think it comes out from my heart. We all have art in our hearts. As an artist I try to convey inspirational and encouraging messages. I usually do abstract and just put everything that is on my mind on my paper. I get inspired by seeing the nature and environment around me. I usually do drawings to inspire people to stop doing social evils. Doing art is my hobby whenever I am bored or want to express my emotions I draw.

I write some quotes to add more emotions in my art. This is the reason I love and do art.

OUR PARENTS

Our parents are our door to jannah
Our parents are everything we need
We trouble them a lot
Even while they are lying on the cot
They taught us how to walk
They even taught us how to talk
They showed us the right way
When we did something wrong that day
They scold us when we are wrong
But we get angry on them and are absolutely wrong
They work very hard for our future
To make us a person with a good nature
They want us to be a good mannered person
But we always give them only tension
We must study hard to make our parents proud
We must not say anything wrong with our mouth
I love my parents very much
And I will not depend upon my luck
I will try to work hard like a bee
Then who will stop me when Allah is with me.
