For Students

MS Online Learning

Alhamdulillah MS Introduces Online Learning for Students.

A new technology enabled learning approach that will help the student in improving the performance. MS Online Learning will provide access to the interactive Multimedia contents for practicing and revising student class room learning.

Students can use the MS Online Learning from any part of the world at any time and any numbers of times till you become perfect.

MS Online Learning is a whole new kind of learning. It is a Self-Paced Learning where students can learn according to his/her own speed. With this student can - "Learn anytime, anywhere and unlimited times till you become confident".

Initially Computers Subject contents are available, Inshallah soon all subjects contents will be made available.

MS CARD Department is working to make it more and more useful for student.
