

INDEPENDENCE DAY SPECIAL

Despite pandemic and incessant rain, MSians celebrate Independence Day

Hyderabad: This year students of MS Creative School participated Independence Day programme virtually ONLINE. Even the pandemic and incessant rain could not dampen the spirit of MSians in celebrating the country's 74th Independence.

I feel proud to be an Indian and to be a part of MS where “any pandemic or any other circumstances will not stop us to show our love and patriotism towards our nation”, remarked a senior class student.

All the branches participated very enthusiastically and took part in different programmes. Few of the students even hanged Indian tricolor flag at their background and pledged. Senior class students recited Qirat, Hamd, Naat, Tarana-e-Hind, Tarana-e-MS, pledge, speeches on their respective class topics.

Junior class students also actively took part in their respective class activities, taken photos and forwarded to their respective class facilitator.

In the year 2020, students experienced a new way to celebrate an occasion. They were excited, feeling happy but missed their school campus gathering. They have also felt the importance of this day.

While singing National anthem, Facilitator of each class presented a waving National flag on screen which gave a unique feeling of patriotism. Principals also addressed to their respective branch students.

Reporting: Rehana Parveen (Principal) and Mohd Uzair, (Supervisor), (Sitaphalmandi B&G)

Taking all the precautionary measures, a limited number of teachers and staff also turned up to their respective branches for flag hoisting programme.

In Corporate Office also the Flag Hoisting programme was organized following all the guidelines of pandemic.

Poem on Parents

Dear Mom and Dad
Thank you for being there
Thank you for all your care
Thank you for your advice
Thank you for being soo nice
Thank you for your guidance
Thank you for your patience
Thank you for letting me grow
up my way
Thank you for everything
Without you both, I'd be
nothing

Aarfah Begum

Thanks Mom
Thanks Dad
Thank U Mom
Thank U Dad
Three small words
So much add
For all your love
and your support a
million word
Would be too short
The words, "Love you"
seem to few the express
the love
I have for you.

Study Habits

Sleep is a habit. Eating is a habit.

Why not study became a habit?

- Choose specific time to study
 - Set specific goals for each subject
 - Take short breaks
 - Tackle the difficult assignments first
 - Plan on reviewing
 - Read, write, review, recall, recite
 - Practice discuss with peers
 - Maintain a positive attitude

Chill

Being chill is also one
Of the human skill
But always remember to stand
still
If you want to reach up the hill

If you will
You must be chill
Otherwise you may spill
And that's the only drill

You must be that girl
As equal as to the pearl

You must be concern
If it occurs in return
In the trap of this drill
You finally reach up hill

Trying and working to fulfill to
achieve something; that must be
a true will

Thank You Inspirer

You are whole of your soul
There is always cure for more
and more
You do more and more
Which isn't that sour

You are so delight
You are so polite
The place in which you are is so
bright
Because of your light

There is a hall mark in every
article
But you don't need any
Couze you are the only one

When ever I halt
You inspire me to rise
The one look of you
Makes me to win a prize

Never fall asleep when it's time
for you to speak -(Wisdom
